ABOUT AURIS

Simplicity, tuned for the ear.

Auris instruments are made to bring out the purest sound and musical expression. They are designed for people who feel the need for true tone and beauty, and who want to play, listen and explore together. Some production methods have been modernised, but the human hand and eye remain what guarantees real craftsmanship. Every instrument is made in Järna, Sweden, from carefully selected woods.

Handcrafted

Made by hand in Sweden, with an eye for tone and detail.

Made for learning

Pentatonic and diatonic instruments for education, therapy and play.

Global reach

About 95% of Auris instruments are exported worldwide.

Necessary accessories such as mallets and tuning keys are always included with the instrument.

THE RANGE · SIX FAMILIES OF INSTRUMENTS

01 Lyres

7-string pentatonic lyres for children up to chromatic lyres with 39 strings.

02 Glockenspiels

Single tones, triads, flat and curved models, in pentatonic, diatonic and chromatic.

03 Xylophones

Acacia bars, 30 mm wide. Pentatonic and diatonic, with extended models.

04 Marimbas & Amadinda

Acacia bars, 45 mm wide. A deeper, warmer voice, from baby marimbas to a bass xylophone.

05 Stirring xylophones & flutes

Melodic stirring xylophones and overtone flutes in F and D.

06 Accessories & parts

Mallets, tuning keys, stands and replacement strings.

01 Lyres

A quiet, bright sound that invites careful listening. The strings are balanced with the resistance of the shaped wood, so the whole body of the lyre resounds with the tone and the character of the wood becomes the voice of the instrument.

LKP
Junior Lyre
Pentatonic · 7 strings · d1–e2

LBP
My Little Lyre
Pentatonic · 7 strings · d1–e2

Marimba Mallets
Elathane 350×35 mm
8 mm shaft, sold per piece

05 Stirring Xylophones & Overtone Flutes

Stirring xylophones are played by stirring the ball around inside, and each plays a short melody. Overtone flutes give a pure, natural scale.

RTK / RTS / RTV

Stirring Xylophones, closed bottom

Melodies: Classic (RTK),
Music box (RTS), Wave (RTV)

RHK / RHS / RHV

Stirring Xylophones, with grip hole

Melodies: Classic (RHK),
Music box (RHS), Wave (RHV)

FOT-049 / FOT-059

Overtone Flutes

FOT-049: small, fundamental F
FOT-059: large, fundamental D

06 Accessories & Spare Parts

Everything that keeps an Auris instrument in tune and playing. Tuning keys and mallets come with every instrument.
